## APPRECIATION

The Lethbridge Musical Festival is made possible through the efforts of a small voluntary committee of Lethbridge citizens, whose aim is to present and foster music in Lethbridge. They ask the support of musicians, students and the citizens at large to make this Festival a success. No pains are spared to obtain the best Adjudicators so that competitors may get the benefit of their advice and criticism. The Festival movement is intended to inspire competitors with a spirit of friendly rivalry, with the object of pacing one another on the road to excellence, which the public should support and encourage. We wish to thank the Advertisers and those who have made possible the printing of this Programme, and ask the readers to support these friends.

## ATTENTION

Attention of Competitors is called to the fact that the time of Competitions given in this Programme is only approximate, and that Competitors are requested to be on hand prior to the scheduled time in case of emergency.

For all competitions in which Own Selection is chosen, it is IMPERATIVE that a copy of the selection be handed to the Festival Secretary the day of the competition.

All Trophies of any kind are the property of the Festival Association and cannot be won outright, or in any way become the property of individuals, and winners are responsible for their being returned in sound condition and not later than two weeks before the opening day of the Festival, to the address advised them by the Secretary of the Festival.

## ENGRAVING OF TROPHIES
